

## **KATE ANDERSON**

Kate is ISIS's Chief Administrative Officer and Controller. In addition to managing the firm's financial matters, Kate oversees logistics and infrastructure for all key Client and ISIS events associated with the Summit Business Development, Precision Innovation and MarketDiscovery Systems.

Prior to joining ISIS in 1995, Kate was an Accounting Consultant to such firms as Apple Computer (Financial Analyst), Phillip Medical (established new national payroll system for several thousand employees), Milupa, and Tetra-Pak.

Prior to her independent consulting, Kate was the General Accounting Manager for Ann Taylor Stores, where she managed a staff of 30 in the corporate accounting and payroll offices. She had Financial Management oversight for the firm's 350 retail specialty stores throughout the US.

Earlier, Kate was a Managing Partner of Perceptive Concepts South, an interior design "to the trade" showroom; a Financial Analyst for Avco Lycoming where she managed \$150M facilities budget; and the General Accounting Manager for Market Data Retrieval.

Kate earned a Bachelor of Science degree in Accounting from Sacred Heart University and participated in the University of Bridgeport's MBA program with a major in Finance. She is married with one child and a citizen of the United States.
